### Estimate Provided - One Request

The Public Records Unit has conducted an initial review of the responsive documents and has determined that it will require a significant amount of search, retrieval, review, and/or redaction to respond to your request.

More specifically, two hours have been used for search and retrieval of the documents and another 330 hours will be needed to review and redact the documents for a total of 332 hours.

Under the Access to Public Records Act, the City may charge \$15 per hour for search, retrieval, review, and redaction, with the first hour free. See R.I. Gen. Laws § 38-2-4(b). At least one additional hour of staff time has already been expended to prepare this estimate. Accordingly, you will be charged \$4,980. Checks made payable to the City of Providence may be sent to: Public Records Unit, 444 Westminster Street, Suite 220, Providence, RI 02903.

Please note that this is just an estimate and you will be charged based upon actual time and costs. Please further note that this estimate is for the review and redaction of a document, which reflects items placed on the Mayor's schedule and does not reflect the Mayor's actual schedule of events.

Kindly note that the time to respond to your request is tolled pending receipt of your authorization and prepayment in the amount set forth in the estimate.
